Flying home for Christmas  
it's been planned for several months  
I count the days 'cause I just can't wait  
to see the sights of home  
Growing ever anxious  
as I watch the falling snow  
My mind begins to travel  
to a time so long ago

Chorus:

Like candy canes and hand made things,  
Socks hanging on the mantle  
Turkey baking, decorations, hand-dipped candy apple  
All the plays and happy times are faces all aglow  
As I pray to God for blessings on our Christmas time at  
home

Soon I'll be with family  
precious time we'll spend together  
Laughing, sharing memories of the moments we still  
treasure  
Spirit of the season and the joy and love it brings  
As I travel home for Christmas and enjoy the simple  
things

Chorus:

1x normal

1x Like popcorn strings and hand made things
