Just for you, with eyes of blue, an American doll  
Made right in USA for children everywhere  
Landed in Japan and did not know the reason why  
Didn't have a friend and so she soon began to cry  
"I can't understand a single word the children say  
What if I get lost? How will I ever find my way?"

Never mind, a sweet and kind Japanese girl  
Took her home and then her blue eyes  
Never cried again  
Now they play most everyday  
Forever her best friend

Just for you, with eyes of blue, an American doll  
Made right in USA for children everywhere  
Landed in Japan and did not know the reason why  
Didn't have a friend and so she soon began to cry  
"I can't understand a single word the children say  
What if I get lost? How will I ever find my way?"

Never mind, a sweet and kind Japanese girl  
Took her home and then her blue eyes  
Never cried again  
Now they play most everyday  
Forever her best friend
