"Why Should I"

Visit "[Why Should I](#)" on MotoLyrics.com

vers1;

i try to live my life
like i lived it berfore
i try to taking it back
live like that
but i can't taking the shit anymore
i'm thinking why i'm making that lie
years are passing by, but i don't wanna say goodbye
and i know the time will be my destiny
so i'm taking it back, taking the chance to be me
and in this place it's so much that i couldn't understand
why just I com to this motherfucking land

i tried to find a way, i made it without a guide
can't belivie a shit, guess i ain't got no pride
between you and me, there were never no lus
i wanna hold you tight, but can just cry
you'll always be my queen, the best i've ever seen
no one exept you will ever make me breathe
no one exept you will ever make me speak
three hearts in my heart
you are the biggest piece

chours;

why should i, belive myself in you
when you only sees me as a dumb fool
'cause and i don't know if you're telling me the truth
about what we had and what i just lost (x2)

vers2;

someone like you, are to expensive to by
someone like you doesn't need a fucking price
in my eyes, everytime you're always perfect
i used to be lonely but know i am infect
infect by the love that we share together
you and me, and everywhere, like whatever
girl if you leave me, you know i will be lost
so i don't let you go, no matter what it cost
faces of truth, confess sadness
so what will tell your life when everything feels
hopeless

when your (?)
feels like balls of shit
and you can't get rid of it
you leave the world and see the light
(?)
no more lies and no more games
but we hope that everything will be the same again
the same again

chours;
why should i, belive myself in you
when you only sees me as a dumb fool
'cause and i don't know if you're telling me the truth
about what we had and what i just lost (x3)
