They're losing oxygen.
its no emergency
and now turning green
but that's just biology.

we're losing oxygen
but you're just breathing fine.
you're thinking surgery
think she'll meet the urgency?

We're losing oxygen!
Come on.
let's hit it high
let's leave the mark
and leave you.

watch as they down your street
like on your favorite tree.
just cause we're stuck like thieves
in the middle of a shootout.
and you could say-

We're losing oxygen!
Come on.

let's hit it high
let's leave the mark
and leave you.

jenny is a firefly leg
but jimmy's just a big old pussy cat.
can't stop, can't stop, can't stop this.
because your just a filthy rat.

We're losing oxygen!
Come on.
let's hit it high
let's leave the mark
and leave you.

because your just a filthy rat
