"Vowels"

I know that you have no clue
We're onto you
Cutting corners with a silver spoon
We're on to you
But couldn't live without you

A-E-I-O-U Nothing

Caught you swimming in the neighbor's pool
Wearing your shoes
Saw you running for the bus to school
I'm on to you
But we just couldn't pass you

A-E-I-O-U Nothing
Don't ask me for a single cent
A-E-I-O-U Nothing
Don't ask me
Don't ask me

Talking circles on the telephone
We're calling you
Looking for you with a megaphone
We're calling you

Cause we still can't live without you

I won't give you anymore
