I feel content when I'm excluded from the world
outside
No one can touch me, all my fears will turn to pure
delight
I'm walking on the edge of darkness, licks my naked
skin
I'm dreaming things you should not dream, and it's no
sin

They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
NEVER!

My brains on fire, and the smoke will drown my closing
eyes
All I can see is people eating up their hateful lives
There is no life worth living when you can't explore your
mind
And all the losing souls will stay behind remaining blind

They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
NEVER!

Don't kill your dreams, you can't live without them
Follow the screams
Don't kill your dreams, you can't live without them
Follow the screams

I will return from this with more respect of who I am
I see the truth, and I want you to follow if you can
If you can
If you can

If you can

They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
NEVER!

They won't stop until you tame your soul
Don't tame your soul
Don't tame your soul
NEVER!
