and yup i think that's got untied
big day, big day planned out that night
improverished mayan armies fight
still they fight
for their rights
organize!
oh...
revolution
revolt!
oh...
revolution
revolt!
lightning, lightning fermits the rain
conquistador invades their plain
they fucked the rich, took back their land
united as one now they stand
on their land
untied hands
marco's plan!
oh...
revolution
revolt!
oh...
revolution
revolt!
marginalized groups as one
cannot be stopped or beaten
when the rich try to keep you down
the rich took everything
some months are on display
to keep the message down
they will be brought down!
oh...
zapatistas!
oh...
zapatistas!
victory
from victory
victory!
