I've made up my mind, know what I want  
Giving it my all this time  
Here in the dark I saw your light up in the sky  
Shining down on me.

Don't know your name or if you can hear me  
But I want you know that I can read through  
Our story so clearly  
Can you hear me.

Chorus  
Sometimes you find love in the strangest places  
Cant tell you why I know that look in your eyes  
You can see tommarow in strangers' faces  
Ive seen you when I look at the stars  
I wanna be where you are.

Ive thought about you and how it would be  
To be a part of you and me  
Are you thinking the same at the same time  
Don't know who you are but you're on my mind.

I want you to know been praying for you  
To come to my life 'cause I promise  
Ill love you sincerely.

Chorus  
Sometimes you find love in the strangest places  
Cant tell you why I know that look in your eyes  
You can see tommarow in strangers' faces  
Ive seen you when I look at the stars  
I wanna be where you are.

Want you right here, right by my side  
Im gunna hold you in my arms so tight  
Wont let you go  
I cant deny my feelings deep inside

Give me a sign that you hear me...
