Somewhere there's a river, looking for a stream  
Somewhere there's a dreamer, looking for a dream  
Somewhere there's a drifter, trying to find his way  
Somewhere someone's waiting to hear somebody say

I believe in you I can't even count the ways that  
I believe in you and all I want to do is help you to  
believe in you

Somewhere someone's reaching, trying to grab that  
ring  
Somewhere there's a silent voice, learning how to sing  
Some of us can't move ahead, we're paralyzed with  
fear  
And everybody's listening 'cause we all need to hear

I believe in you I can't even count the ways that  
I believe in you and all I want to do is help you to  
believe in you

I will hold you up, I will help you stand  
I will comfort you when you need a friend  
I will be the voice that's calling out

I believe in you and there are just so many ways that I  
believe in you  
I believe in you baby, what else can I do but believe in  
you  
I believe in you all I want to know is you believe, believe  
in you
