I was sure that it was over  
Lost and confused didn't know what to do  
And I felt like I was all alone  
No place to go or to call my own.

I was looking and waiting to find a way out  
But no matter what happens.

Chorus

I won't be the one who sets my dreams aside  
I know that I'm much smarter than that, oh, oh  
Don't tell me what I can and can't do with my life  
When all is said and done, I'm making a change.

So from now on I've decided just what I want  
And how it's going to be  
I will not let myself get  
Distracted or so far off track.

I know I've been wrong but now I'm in control  
There's so much more that I can do  
So starting today I'll be turning the page  
Saying goodbye to everything I knew.

I'm making a change to start something new  
I'm making a change that I, only I can do.  
I'm gonna do exactly what I want  
With my life I'm making a change.

I'm making change...
