Hey, you can't hide it anymore
Your wearing at the threads
Your walking on the edge

Hey, I can see through your smile
You refuse to trust yourself
Your refuse to take my help

It kills me inside, to see you this way
I wish you would try

When you feel lost, don't hold it in
Don't be a stranger, call on me
When you feel down, just come around
I'll be there to let you know
When you are lost, you are loved, you are loved....

(Violin Solo)

Did you really think, I would let you loose yourself,
You know me better than that.

Did you really think, that I could not tell,
because I know you better than that.

It kills me inside to see you this way,
I wish you would try.

When you feel lost, don't hold it in
Don't be a stranger, just call on me
When you feel down, just come around
I'll be there, just call on me, call on me

(Violin Solo)

It's not too late to turn around, to lift your feet off of the
ground
Cos' I'm on your side
It's hard to tell where things will go
If you never try you'll never know
It comes from inside

When you feel lost, don't hold it in
Don't be a stranger

When you feel lost, don't hold it in
Don't be a stranger, just call on me
When you feel down, just come around
I'll be there, to let you know
That you are loved, you are loved, you are loved...
