Mpiire Yeaah
Mpiire Les Go!
If I'm dreaming then don't wake me
If she's wit it then I'm wit it
If we wit we gone do it
Cause the sky is the limit
I've always dared to be different
Negativity is not needed
If you can't believe in it then forget it
Good things come to those who are patient
That's not an opinion; those are words of a prophet
"It's only a dream" is just an excuse not to believe in
No matter what I'll give my all because I know you're
the last I'll believe in
If you're against it I know, hate has become your
addiction
I smile because I know with or without you we going
straight to the tippy
Hate it or love we going straight to the top, me us at the
tippy! =-)
*Chorus: Keep on rocking till the sun comes up
Keep living life cause I love it so what
Our success will make the hatter show up
They hate the fact it's going down
Cause we going straight to the top
Suns shinning, we gone straight to the top
Keep on hating, we going straight to the top
No stopping, we going straight to the top
Me us at the tippy!
It can't get any better
Cruising down the highway
Pretty lady sitting next too me *heey*
Shout out to my niggaz from VA
You know we gonna party once we get there
We're gonna travel the world
We throwing money around
We got the whole M-fkin world talking
I see some hatters coming
She sees some hatters coming
Some are even friends and family
We got each other so we don't give a *uuuuck

*Chorus: Keep on rocking till the sun comes up
Keep living life cause I love it so what
Our success will make the hatter show up
They hate the fact it's going down
Cause we going straight to the top
Suns shinning, we gone straight to the top
Keep hating, we going straight to the top
No stopping, we going straight to the top
Me us at the tippy!
