A bad penny always turn up  
My ex-hot shot has showed up  
Obviously once bitten twice shy  
Been there done that and come back

Here's my greedy kitten  
Yearning for more affection  
Can't spoil you forever

Now get your act together  
Or I'll find someone hotter  
I can always do better

You've still got what it takes  
And you play so many games  
You've still got what it takes  
For as long as that body shakes

Easy come easy go my boy  
Go find yourself some other toy  
Stop beating around the bush boy  
Knock on someone else's door.
