I have swam those raging seas
Washed up by an ocean who had tired of me
How I survive

I will never know
This wreck got a home
And a whole lot of hope

I'm out on a beach
Sat on a rock
Thinking of you and the love I've got
I saw the devil's servant
I sent her home
Said bring me your master
I don't want his dog

I'm on fire
I'm full of love and new desire
I'm on fire
I'm full of love and new desire
Full of love and new desire

I lit my fire blew my conch
Nobody comes
I built my boat from bamboo
But it sunk
I looked at the sky for vapour trails
Nobody comes
I wrote your name on a tree
Along with the days this is taking you away from me

I'm out on a beach

Sat on a rock
Thinking of you and the love I've got
I saw the devil's servant
I sent her home
And said bring me your master
I don't want his dog

Well I'm on fire
I'm full of love and new desire

I'm on fire
I'm full of love and new desire
I ain't afraid to die
Ain't afraid to die
And here we go
Ain't afraid to

I'm out on a beach
Sat on a rock
Thinking of you and the love I've got
I saw the devil serpent
I sent him home
And said bring me your master I don't want his dog

I'm out on a beach
Sat on a rock
Thinking of you and the love I've got
I saw the devil's servant
I sent her home
And said bring me your master
I don't want his do
