In the morning on a white bicycle  
In the morning on a white bicycle  
In the morning on a white bicycle I will ride to you

I woke up face down in the snow  
From a dream that started seven years ago  
Didn't know where I could be  
I can't believe I'd sold so many parts of me

To the pure, from deep in the purest part of me  
To the pure, from deep in the purest part of me

I woke up face up in the sand  
From a dream I know I'll never understand  
Didn't know if it was real  
I just remember how alone I can feel

To the pure, from deep in the purest part of me  
To the pure, from deep in the purest part of me  
To the pure, from deep in the purest part of me  
To the pure, from deep in the purest part of me

In the morning on a white bicycle  
Afternoon I'm on a red bicycle  
In the evening on a black bicycle, I will ride to you

To the pure, from deep in the purest part of me  
To the pure, from deep in the purest part of me  
To the pure, from deep in the purest part of me  
To the pure, deep in the purest part of me

I will ride, I will ride to you  
I will ride, I will ride to you  
I will ride, I will ride to you  
I will ride, I will ride to you
