I don't mind when life's unkind
If there's a reason why
And I don't mind when love is hard to find
Because I'm waiting for the sunrise

Where the truth lies, I wanna be with you
Where the truth lies
Where the truth lies, I wanna be with you
Where the truth lies

I don't care when life's unfair
Because I realize
That there's a plan for every grain of sand
And love is never unwise

I don't mind when life's unkind
If there's a reason why
I don't mind when love is hard to find
Because I'm waiting for the sunrise

Where the truth lies, I wanna be with you
Where the truth lies
Where the truth lies, I wanna be with you
Where the truth lies

What you saying, what you saying
What you saying to me?
I've got reason to believe
Someone's trying to deceive

And what you doing, what you doing
What you doing to me?
I've got reason to believe
You've got something up your sleeve

I don't mind when life's unkind
If there's a reason why
And I don't mind when love is hard to find
Because I'm waiting for the sunrise

And I don't care when life's unfair
Because I realize

That there's a plan for every grain of sand
And love is never unwise

Where the truth lies, I wanna be with you
Where the truth lies
Where the truth lies, I wanna be with you
Where the truth lies

Where the truth lies, I wanna be with you
Where the truth lies
Where the truth lies, I wanna be with you
Where the truth lies

I don't mind, I don't mind
I don't mind, I don't mind
