It's gonna break you, son, it's gonna rot you through
Forget the past and all you ever knew
You've never known such fear, you've never shed such
tears
It'll have you wishin' you were never here

Where have I gone, blacked out on my death ride
Twisted and broken down, forever on the wrong side
Where have I gone, blacked out on my death ride
Twisted and broken down

All that has been, all that's to be
No tomorrow, the demise of sanity
All that has been, all that's to be
No tomorrow, the demise of sanity

Straight through the depths of hell, ain't got no soul to
sell
Death on death, the eternal funeral bell
You've never known such fear, you've never shed such
tears
It'll have you wishin' you were never here

Where have I gone, blacked out on my death ride
Twisted and broken down, forever on the wrong side
Where have I gone, blacked out on my death ride
Twisted and broken down

All that has been, all that's to be
No tomorrow, the demise of sanity
All that has been, all that's to be
No tomorrow, the demise of sanity

Where have I gone, blacked out on my death ride
Twisted and broken down, forever on the wrong side
Where have I gone, blacked out on my death ride
Twisted and broken down

All that has been, all that's to be
No tomorrow, the demise of sanity
All that has been, all that's to be

No tomorrow, the demise of sanity

All that has been, all that's to be
No tomorrow, the demise of sanity
All that has been, all that's to be
