I wish I had
A picture of you
To stand beside my bed
A little snap
Something new
To keep you inside my head

Chorus:
I wish I had another you
Because you've gone away
I hope that
You will come back
And stay with me one day

I wish I had a video
Of you and me at play
Then all I'd do
When I feel sad
Would be to watch it everyday

Chorus: (1x)

I wish I had
A little song
To sing about you
And all I'd do
When things went wrong
Would be to sing it all right thru'

Chorus:(2x)
