1.

You fear the tears will come, you hold them back
You live a burning life for the attack
Swear on the hammer, swear on your life
You feel the tears have come deep inside your mind

R.

You take the thunder
You can take the rain
Take me down for me to blame
You feel the fire
You may just invent
You will never be my friend

Solo: P+T

2.

You fear the taste of loss, the smell of agony
You live to show the world what you'll make of thee
Hide in quotations, lost in your words
Sold by your skin till it hurts

R.

You take the thunder
You can take the rain
Take me down for me to blame
You feel the fire
You may just invent
You will never be my friend

Solo: P, T

R.

You take the thunder
You can take the rain
Take me down for me to blame
You feel the fire
You may just invent
You will never be my friend
You feel the fire
You may just invent

You will never be my friend
