I want to open every door
To your soul, I want to find,
Just how deep each of them go.

I know that you hid those keys away,
Somewhere you thought they'd be safe,
From the man who tried to break into your heart.

You will never be alone again.

You and I will not conform to this world of lies,
We'll live by love.
We decide to build our lives with foundations in trust,
To live in love.

I won't ever stop before,
I'm the one, your man, your love,
The one you've always waited for, add me.

All of your beauty,
Just like you need my strength,
I won't stop until your heart has been relieved.

I pray you let me in.

You and I will not conform to this world of lies,
We'll live by love.
We decide to build our lives with foundations in trust,
To live in love, live in love.

Come along with me,
Cause you don't want to miss this honey,
Yeah we're writing quite a story here.
And I need you to play the leading lady for me.

No one else but you,
No one else but you.

You and I will not conform to this world of lies,
We'll live by love.
We decide to build our lives with foundations in trust,

To live in love, live in love.
