1.

Salvation is an honest man  
Eyes of purest snow  
Always comprehensive  
Never need to make a row  
A different song  
Sung about my pride  
Improvement is the reason why  
I stand alone at Night

Solo: P

2.

Salvation is an honest man  
His march is slow and long  
Walking on his bare feet  
He always finds his home

B.

It's the fear we hide  
And loneliness won't lie

R.

Salvation is an honest man  
Salvation's tears will feed the sun  
Inside us in the silence  
Salvation is an honest man

Solo: C, P+T

3.

Salvation is a friend of mine  
We haven't met a while  
But I have seen before my eyes  
His sophisticated smile  
This is my suffering  
A song about my pride  
Longing is my agony  
I freeze alone inside my might

B.

It's the fear we hide  
And loneliness won't lie

R.  
Salvation is an honest man  
Salvation's tears will feed the sun  
Inside us in the silence  
Salvation is an honest man

Solo: P+T, P+T+C, P+T

B.  
It's the fear we hide  
And loneliness won't lie  
As silence fills my eyes  
Salvation, my guide

R.  
Salvation is an honest man  
Salvation's tears will feed the sun  
Inside us in the silence  
Salvation is an honest man
