Lost in a dream ^- our time will come
Lost in a dream ^- time to run away
Lost in a dream ^- behind the shadows
We are lost in a dream

Where are the children
Of the revolution
With flowers in their hair?
They're at the top of their institutions
And money doesn't care

Where has the green gone?
Where are the leaves?
All men of power
Are hiding like thieves
And I...

Feel so alive, all the time
A journey till the end is coming over me
To find the secret lights come alive
When time is running out who's left behind?

Is this the road to our sanity?
Is this the road we have chosen?
This is the age of luxury
Alive, fresh and frozen

I feel so alive, all the time...
The secret lights
Come alive [come alive]
When time is running out who's left behind?
