I got all I need right here
Inside of these four walls
It's a place we can disappear
Just get away from it all
You, you don't need all these fancy things
To show me how you feel
Just a simple kiss to tell me
That it's real

I don't know much, but all that I know
Your love is worth it's weight in gold
I'm shining inside, you make me feel like
I'm a story to be told
No diamonds and pearls can pull me away
There ain't a price that I will pay
Right here tonight, you make me feel like
I'm the richest girl
In all the world, all the world

You could fly me up on a rocket ship
But I think that I would just get bored
You could buy me clothes that are tailor-fit
But they'd only end up on the floor
You could wisp me away to some far-flung place
But only if you came too
Don't know what I did to ever deserve you

I don't know much, but all that I know
Your love is worth it's weight in gold
I'm shining inside, you make me feel like
I'm a story yet to be told
No diamonds and pearls can pull me away
There ain't a price that I will pay
Right here tonight, you make me feel like
I'm the richest girl
In all the world

Cause the little things you do for me
Mean much more
Than any superficiality, that's for sure
Now I found the love that I'm finding worth fighting for

Oh oh

No diamonds and pearls can pull me away
There ain't a price that I will pay
Right here tonight, you make me feel like
I'm the richest girl
In all the world

I'm the richest girl
In all the world
