Did you believe them  
When they told you they discovered you?  
And that everything is free as long as you do what they  
tell you to  
You think it's true...

But nothing could be further from the truth, my love

Did you even listen?  
When they told you to change your name  
And that nobody wants honesty when looking at a  
perfect frame  
Play the game

Nothing could be further from the truth, my love  
And nothing is more powerful than beauty in a wicked  
world  
Play it girl, play it girl  
Play it girl

Does it make you feel good  
When they tell you what you want to hear?  
And after they suck all your soul well that's when they  
disappear  
Disappear, they disappear forever  
Like a prince in your little fairytale  
But you will find that when they put your soul on sale

But nothing could be further from the truth, my love  
And nothing is more powerful than beauty in a wicked  
world
