You are, you are, you are on my side
In the war, in the war, in the war in your mind
And you try, you try, you try to be free
That's something, that's something, that's something
to be

You look, you look, you look to the west
Cause they say, cause they say, cause they say it's the
best
Well it's fading, it's fading, it's fading for me
But I guess, I guess there's the price to be free
You won it all
All it falls around you
You won it all
Fall around you

Now you look, you look, you're looking at me
And I try, and I try, and I try to believe
How I wonder, I wonder, and crave what you
see
Cause that's something, that's something, that's
something to be

You won it all
All they fall around you
You won it all
Fall around you
Oh you try not to sink
You try not to sink
With me
You try not to sink
Cause you can't face the break of nothing
Nothing
You won it all
All they fall around you
You won it all
Fall around you
Oh you try not to sink
You try not to sink
With me
You try not to sink

Cause you can't face the break of nothing
