I threw my life away
To walk you home
Your makeup fades away
Bright lights and _
My ears ring
Oh I could sing out loud
I threw my life away
To walk you home

Cause it's all I know
To feel like something

Your room is dark
The shadows turn their gaze
The light reflection out your mirror gaze
The candles lit to flicker light on this
The quiet beauty of our desperate kiss

Cause its all
All we know
To feel like something
Oh, we show
Is all, we know
And no looking back
It's time to grow
And your building blocks
And rewinding clocks
Behind closed doors
And let's climb this rock

To where we started
Where we started
With flashing lights
Soft spoken sign of home
The smoky streets
I'll hold your hand in Rome
Through twists of turns
My conscious burns you know
I threw my life away
To walk alone

Cause it's all we know
Oh to feel like something
Oh we show
It was all we know
And no looking back
And it's time to go
Put your building blocks
And rewinding clocks
And behind closed door
Let's climb this rock
Oh where we started
Where we started
Where we started
