I lie awake
Haunted from my dreams
Too bad the nightmares aren't
As real as they seem

You got what you want
And I got what I deserve
Fate's taken everyone from me
When will it be my turn

Numb the hurt
From the wounds that can't heal
Calm the burn
From the fire I will always feel
Dry the tears
I'm drowning further drop by drop
Catch my fear
You never thought
I'd be the one to break

I'm going down
Left alone to wonder
Buried alive
Sinking, I am six feet under

Can't find myself
Gravity's giving up on me
Can't find the light
And all I see is you

Numb the hurt
From the wounds that can't heal
Calm the burn
From the fire I will always feel
Dry the tears
I'm drowning further drop by drop
Catch my fear
You never thought
I'd be the one to break
