Don't miss me when I'm gone  
Everybody knows you don't need me  
To help you move along

Let me go, I gave all that I could give  
I'm nothing  
Another whisper in the wind

And now I'm falling apart  
I'm lost in the dark and  
I hope you forget me  
You're off to a perfect start

You left me speechless  
Gone without a trace  
Hopeless  
You gave me more than I could take  
Worthless  
A fortress turned to dust  
I waited for the day  
I'd finally be enough  
And I'm still speechless

It's hard to find the words to say  
You already know that I would give anything  
To be your everything

Three words I still say with no regret  
But now I'm silent  
As you quickly forget

It's too hard to keep on breathing  
Continue living  
Be who you made me  
I'm lost without your light

You left me speechless  
Gone without a trace  
Hopeless  
You gave me more than I could take  
Worthless

A fortress turned to dust  
I waited for the day  
I'd finally be enough  
And I'm still speechless
