Watching, Waiting, Anticipating
All this time your heart is breaking, Wanting questions
of my intention.
Watch my actions, so you can see I
I never would, never would, never would.
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart.
I knew from the very start this won't last forever.
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart.
I knew from the very start this won't last forever.
I whisper to you I will not hurt you.

Down becomes us as I heed to you.
Trust me always, I'm here on my knees.
Trying, begging for you to see I
I never would, never would, never would.
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart.
I knew from the very start this won't last forever.
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart.
I knew from the very start this won't last forever.

Twisting and turning, and wasting away
With the hourglass empty there's nothing left to say
(I knew from the very start this won't last forever)
Thoughts in your mind have you pulling away
Now your heart is so empty your fading away
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart.

I knew from the very start this won't last forever.
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart.

I knew from the very start this won't last forever.
Why try? Goodbye!

You're tearing us, you're tearing us, you're tearing us
apart...
