i hear your call your lips wont move
there's so much hurt so much past
i touch your heart,
your tenderness,
i met your fate, its your spell

if you falter, if you fail
you found yourself
in a lonely place
emotions under strain again
you are,
unsteady unwilling
no way home
no way out
no way home
left without

lost that place
deep in your heart
no way home
no way out

slow to learn,
you give your heart
you have no doubt
have no fear
so clear, so soft
and such a mess
we're standing still,
standing firm

if you falter if you fail
you found yourself in a lonely place
emotions under strain again.
you are unsteady, unwilling
no way home
no way out
no way home
left with out

lost that place
deep in your heart

no way home
no way out
