Just when you thought it was over
was the minute that it turned me on
Just when I thought I was flying
I was flying to close to the sun
Get real, man up climb without looking down
Just when you thought it was over
Just when you thought
Get real, Climb without looking down
That is what I told you,
You're loosing grip and now you're falling down

Hey now mama look at me on top of the world
you just gonna check it out
see me when I flippin the bird
I spread my disease you're spreading the word
You just gotta check it out
See me when I'm flippin the bird
From the top of the world

Wondering should I turn back time or
wait for the minute that it turns around
Get lost in the storm but it doesn't matter
Cause I am a revolution, that you're pulling down
I am the contribution that you tied to the ground
Get real, Climb without looking down
That is what you told me, i'm loosing grip and
Now we're falling down

Hey now mama look at me on top of the world
you just gotta check it out
see me when I'm flippin the bird
I spread my disease you're spreading the word
you just gotta check it out
see me when I'm flippin the bird
On the top of the world

Don't tell me YEAH
Barapababa Hell yeah
I'am on the top YEAH

You just gotta check it out

You just gotta check it out
You just gotta check it out see me when I'm flipping the
bird

Hey now mama look at me on top of the world
you just gotta check it out
see me when I'm flippin the bird
I'am the disease i'm spreading the word
you just gotta check it out
see me when I'm flippin the bird
On the top of the world
