Cut it down
Cut cut cutin' cut it, cut it down
Cut it down
Cut cut cutin' cut it, cut it down
Cut it down
Cut cut cutin' cut it, cut it down
Cut it down
Cut cut cutin' cut it, cut it

Numb as hell like I can't feel a thing
I've been dosing on a new champaign
In my saliva's some chemical
I can't breathe

Oh I can't feel you
I can't feel a thing
Feelin' nothing
Oh I can't feel you
I can't feel a thing
Feelin' nothing

I don't need you to call 911
I'm ok even if I can't move
So beat the small talk off with a bat
Burnin' up that fuel

Oh I can't feel you
I can't feel a thing
Feelin' nothing
Oh I can't feel you
I can't feel a thing
Feelin' nothing
