Superman was an overrated motherfucker of a guy  
He was a little bit blown outta proportion from what he  
really was  
That guy was the biggest pussy I've ever seen  
Got hit by a subway at the age of 23

Overrated

Shiny guy like the son of the sun and a fire goddess  
You look like a dull ashen gray to me  
I'm feeding on kryptonite like McNuggets  
Better change your name and buy a brand new  
jumpsuit

Overrated

I'm reading all the headlines talkin' bout his suicide  
Someone told him the ugly truth he couldn't handle it  
Layed down on the tracks at the 25th street stop  
Heard the horn and said "I will live in your hearts  
forever"
