Our lips never told a lie
You've been holding back all night
Take a hit and you'll get high
When you get down
Baby I'm getting so tired of waiting
Come over here and take it
Baby get me your heart and ...
So come over here and get it
When you go
When you go down
Turn me up and double down
Boy you're bad I'll risk it all
Turn me on and make it count
Come and get me while I want
When you go down
Double down
Go work it double down
When you go down
You don't have to wait for me
Show me all that strategy
I love it when you take the lead
Yeah, when you get down
Baby I'm so tired of waiting
Come over here and take it
Baby yeah get me your heart and ...
So come over here and get it
Turn me up and double down
Boy you're bad I'll risk it all
Turn me on and make it count
Come and get me while I want
When you go down
Double down
Go work it down
When you go down
Turn me up and double down
Boy you're bad I'll risk it all
Turn me on and make it count
Come and get it while I want
When you go down
Double down
Go work it down

When you go down
