She's been sleepin' in the subway, walkin' on the highway  
Countin' all of the stars at night  
She's running to a dead-end  
This broken heart it won't mend  
In the search for a life

I don't know what it's like  
To live on that other side

I, I can walk a thousand miles to be with you  
I'll catch a falling star  
I can walk a thousand miles whenever  
No matter where you are  
'Cause I know you can make it  
Why you've gotta break it, baby  
'Cause I'll walk a thousand miles

She's calling out a mayday  
Her story's getting jaded  
Nothing is what it used to be, no  
No longing for tomorrow  
There's only pain and sorrow  
In the search for a dream

You don't know what it's like  
To live on the other side

I, I can walk a thousand miles to be with you  
I'll catch a falling star  
I can walk a thousand miles whenever  
No matter where you are  
'Cause I know you can make it  
Why you've gotta break it, baby  
'Cause I'll walk a thousand miles

You don't know what it's like

To live on the other side

I, I can walk a thousand miles to be with you, yeah!

I'll catch a falling star

I can walk a thousand miles whenever

No matter where you are

'Cause I know you can make it

Why you've gotta break it, baby

'Cause I'll walk a thousand miles
