"Breaking The Silence"

We're breaking the silence..

It's been seven hours since you walked out of that
door....,
You've been down and out but you keep coming back
for more....,

One down, two to go,
Do you want one more,
Let's go,

We're breaking the silence,
Standing united,
We're breaking the silence,
Anytime you want it,

Now listen,
You've been kicking tires never found,
What you're looking for no,
It's been said before but we shout it out now,
Take you back down,
Down to ground floor,

One down, two to go,
Do you want one more,
Last one,

We're breaking the silence,
We're breaking the silence,
Standing united,
We're breaking the silence,

It's been seven hours since you walked out that door,
Standing united,
You've been down and out but you keep coming back
for more,
oh yeah,
