Floating alone in a sea of missed chances
Pregnant with so many goals Pregnant with so many
goals
Everytime I look around taking it for love Everytime I
look around taking it for love
Pushing it to ground Pushing it to ground
Here'sa rose from the man who wants to play Here'sa
rose from the man who wants to play
Are there any rules what am I meant to say Are there
any rules what am I meant to say

Chorus:

Gravity pulls us in closer Gravity pulls us in closer
Heading to the places I've already seen Heading to the
places I've already seen
If heaven turns it's back on the role I've been given If
heaven turns it's back on the role I've been given
I'm forsaken I'm forsaken
If gravity can't hold the soul, it's everlasting...
everlasting. If gravity can not hold the soul, it's
everlasting... everlasting.

Waking with cold reaching too many places Waking
with cold reaching too many places
The warmth of your touch grows too old The warmth of
your touch grows too old
You say it isn't true but you don't know why You say it is
not true but you do not know why
I had to look, but am I really blind I had to look, but am I
really blind
Worlds away I'm calling out your name Worlds away I'm
calling out your name
I see the drug complacency washing out your veins I
see the drug complacency washing out your veins

Chorus:

Gravity pulls us in closer Gravity pulls us in closer
Heading to the places I've already seen Heading to the
places I've already seen
If heaven turns it's back on the role I've been given If
heaven turns it's back on the role I've been given
I'm forsaken I'm forsaken

If gravity can't hold the soul, it's everlasting...
everlasting. If gravity can not hold the soul, it's
everlasting... everlasting.

Bridge.

Gravity holds me real close, holds me real tight Gravity
holds me real close, holds me real tight
But why can't I see you fighting for my life... But why
can not I see you fighting for my life...

Chorus:

Gravity pulls us in closer Gravity pulls us in closer
Heading to the places I've already seen Heading to the
places I've already seen
If heaven turns it's back on the role I've been given If
heaven turns it's back on the role I've been given
I'm forsaken I'm forsaken
If gravity can't hold the soul, it's everlasting...
everlasting. If gravity can not hold the soul, it's
everlasting... everlasting.
