Whatever it takes you to believe it
That's all right with me
Take this morning in my kitchen
Or whatever that helps you to believe
You will find me down by the river
Getting high on my mortality
I'll be holding hands with nameless beauty
Or whoever wants to stand next to me

All eyes on me
I'm going to the moon
Time heals what you can't see
Heads back
I'm leaving soon leaving soon

You can take it easy
'cause I've got a mind to
Put your parachute on slow
We're moving into calmer waters
Where all your loveliness will show
For all of your wanting me to react to
Look no hands on this carousel
For me to be true to whatever you cling to
Whenever your heart is going to tell

All eyes on me
I'm going to the moon
Time heals what you can't see
Heads back
I'm leaving soon leaving soon

Whatever it takes you to believe it
That's all right with me
Take this morning say it walks on water
Whatever that helps you to believe
You will find me down by the river
Getting high on my mortality
I'll be holding hands with my nameless beauty
Or whoever wants to stand next to me

All eyes on me
I'm going to the moon

Time heals what you can't see
Heads back
I'm leaving soon leaving soon
