Wake in the morning, feel low
I don't sleep at night
Oh, you've broken my heart
Here in the dark moonlight

I see a rainbow, I don't know where it goes
Gonna follow my dreams
Oh, someday baby
They're gonna shine for me

Leaving Lady Solitude behind me
You understand
Yes, I'm leaving Lady Solitude behind me
You understand

I know the story, I know how it goes
You've broken into my soul
But you won't take it out
On me no more

I hear a whistle blowing
Morning low, guess I'll ride that train
Well you never wrote a letter
You hurt your man again

I'm leaving Lady Solitude behind me
You understand
Yes, I'm leaving Lady Solitude behind me
You understand

I'm leaving Lady Solitude behind me
You understand

There's a river flowing away from my door
Think I'll sail away
Oh, and one day baby
I will feel no pain

Think it's raining in my soul
Flowing from my eyes
Think this morning will see us
Say our last goodbyes

I'm leaving Lady Solitude behind me
You understand
Yes, I'm leaving Lady Solitude behind me
You understand

Well, I'm leaving Lady Solitude behind me
You understand

You understand, you understand
You understand, you understand
