In the still of the night I call out your name
You know and nothing feels right
And it won't do again
You say you're gonna leave me now
You're turned away on your side, you kill the light from
my eyes
You played to deceive me now
Like a thief in the night you stole the love from my
world
And you don't miss your water 'til your river runs dry
And you don't miss your lover 'til they're waving
goodbye

Well I hope that you know
That I'll still see your eyes In the deep of my soul
All the days of my life
And you say you're gonna leave me now
You're turned away on your side, you kill the light from
my eyes
You played to deceive me now
Like a thief in the night you stole the love from my
world
And you don't miss your water 'til the river runs dry
And you don't miss your lover 'til they're waving
goodbye
Bye bye bye bye

You're turned away on your side, you kill the light from
my eyes
You played to deceive me now
Like a thief in the night you stole the love from my
world
And you don't miss your water 'til your river runs dry
And you don't miss your lover 'til they're waving
goodbye

And you don't miss your water 'til your river runs dry
And you don't miss your lover 'til they're waving
goodbye
And you don't miss your water 'til your river runs dry
And you don't miss your lady 'til she's waving goodbye

Bye bye bye bye bye bye
