Girl I've been thinking bout you lately  
Ever since you left me baby  
I ain't gonna lie, girla I'ma keep it real  
I just wanna see you naked  
Girl you got that kill love, kill love, kill love  
Before we get it in let's peel one, peel one, peel one  
I promise I will buy girl, let's make love tonight girl  
The pain it can't... lies  
She killing me softly

Uh baby you do me just how I want it  
Make love every 2 in the morning  
... on me...  
Drop dead cause baby you know you got that kill  
That kill, that kill, that kill girl  
You got that kill, that kill, that kill,  
Girl you got that kill love, that I'll love  
That uh, uh, good, good, good love  
You got that kill love, that I'll love  
That uh, uh, good, good, good love

Uh baby I just wanna make it last girl

Could you do it better than my last girl  
Give it to me don't hold back  
Your sweet perfume make me wanna eat that  
Oh, baby do your damn thang, cause you got that kill  
bill  
Maybe wanna bang banh  
She killing me softly,  
I promise I will buy girl, let's make love tonight girl  
The pain it can't... lies  
She killing me softly

Uh baby you do me just how I want it  
Make love every 2 in the morning  
... on me...  
Drop dead cause baby you know you got that kill  
That kill, that kill, that kill girl  
You got that kill, that kill, that kill,  
Girl you got that kill love, that I'll love

That uh, uh, good, good, good love  
You got that kill love, that I'll love  
That uh, uh, good, good, good love X2
