Blank pages, begging to be filled  
Only a story or words can reveal  
My chest it pains, with repercussions of thoughts  
How can I deny myself experience?  
How can I leave this place that's carried me on?

Stay, lead a life of fear  
Oh play, make use of these tears  
Daring I, never meant to make this sacrifice  
But I know that you'll be waiting after dark  
So I'm gonna Play On

Play on

Away from home, it's never the same  
Day to day, it's all a game  
Simply put: I get so damn tired of hearing "hey little girl  
look what I do for you,  
you could rock my world it's true, I'm working for you"

Now stay, lead a life of fear  
Oh play, make use of these tears  
Daring I, never meant to make this sacrifice  
But I know that you'll be waiting after dark  
So I'm gonna Play On  
In the end, when my lines are cold and tired  
And these years, well they've marched across the tired  
eyes  
No longer "The Chile", well I'll pull back into the drive,  
where my heart lies

Stay, lead a life of fear  
Oh play, make use of these tears

Oh stay, lead a life of fear  
Oh play, make use of these tears  
Daring I never meant to make this sacrifice  
But I know that you'll be waiting after dark  
Stay yeah  
Stay yeah  
Stay yeah  
Stay yeah

I said stay  
Oh I'm going to make use of these tears

Daring I never meant to make this sacrifice  
But I know that you'll be waiting after dark  
So I'm gonna Play On
