I used to say I need your love  
I used to pray, pray, pray to up above  
That you would stay another day  
Now watch me walk, walk, walk the other way cause  
I don't you anymore I don't need you now, need you  
now  
I'm about to break this down I don't want you anymore  
I don't wanna play those games that you loved to play,  
loved to play  
I'm about to break this down, break this down, down,  
down,  
Break this down, break this down, down, down,  
Break this down, down, down, break this down,  
Break this down, break this down, down, down,

You used to care, you wanted me  
But soon yourself was all you see  
I gave you love I gave you time  
I gave you all, all, all that was mine, that was mine, now  
I don't you anymore I don't need you now, need you  
now  
I'm about to break this down I don't want you anymore  
I don't wanna play those games that you loved to play,  
loved to play  
I'm about to break this down, break this down, down,  
down,  
Break this down, break this down, down, down,  
Break this down, down, down, break this down,  
Break this down, break this down, down, down,  
I got to break, break this down, down, down,  
Break this down, break this down, down, down,  
I got to break, break this down, down, down,

I used to say I need your love  
That you would stay another day  
Now watch me walk, walk, walk the other way cause  
I don't you anymore I don't need you now, need you  
now  
I'm about to break this down I don't want you anymore  
I don't wanna play those games that you loved to play,  
loved to play

I'm about to break this down, break this down, down,  
down,  
Break this down, break this down, down, down,  
Break this down, down, down, break this down,  
Break this down, break this down, down, down,  
I got to break, break this down, down, down,  
Break this down, break this down, down, down,  
I gave you all, I don't want you  
Hate me more, I don't need you  
Hate me more, I don't want you  
Hate me more, no no no, I don't want you  
Don't want you, don't want you, don't want you.
