You keep your heart in a lost direction  
But when you seem like a fool  
When your name in a pure distraction  
I admit it feels cool.  
You keep your love in a lock down suitcase  
But you can still be so hurt.  
When I say that it might be too late  
Why do you cry in your shirt.

Chorus:

You drew a line so it will all be alright,  
What you took was mine when you do that line.

There is a soul in a place so lonely  
When you keep calling me names  
I've not been seeing and I dying only  
I try to reanimate.

(You left your mind in a world of sorrow)  
You left your mind in a world of sorrow  
That you are not willin to share  
And you forgot how to spell tomorrow  
or do you simply not dare.

Chorus:

You drew a line so it will all be alright,  
What you took was mine but now never mind.  
You drew a line so it will all be alright,  
What you took was mine when you drew that line.

And you're falling apart you're not used to be alone  
Oh no, but the voice in the dark orders not to use the  
phone  
Oh no, oh noooo

Chorus:

Drew a line so it will all be alright,  
What you took was mine but now never mind.  
You drew a line so it will all be alright,  
What you took was mine when you drew that line.
