#### VERSE ONE

I've been waiting, but you're here now, and I don't  
wanna hear another sound, but... your breathing on the  
phone, don't tell me you're alone.

You think it's easier to run and hide, but I see the  
darkness in your eyes, and the pain in your uneven  
smile, your sadness isn't worth my while.

I'm sat here, thinking 'bout the things we'd do. You  
could love me and I could love you. I'm sat here,  
waiting at this table for two. Wondering if our love is  
true.

#### CHORUS

Breathing in, screaming out, all I did was make you  
proud.

You made a fool of me, and now I'm over you.

Talking fast, you make no sense,  
I feel like I am in a trance.

You made a fool of me,  
And now I'm over you.

(Over you)

#### VERSE TWO

I walk home and I'm crying. You run after me, you're  
trying... to make me forget about you, or at least the  
things you do.

Ignoring every word you said, my broken heart's  
resting in my bed, and now my pillow's wet, from all the  
tears you've left.

Now you're remembering the things we do,  
I'd swim to the bottom of the ocean for you.  
All my emotions I've stated are true,  
But you broke my heart when you said we're through.

#### CHORUS

Breathing in, screaming out, all I did was make you  
proud.

You made a fool of me, and now I'm over you.  
Talking fast, you make no sense,  
I feel like I am in a trance.  
You made a fool of me,  
And now I'm over you.  
(Over you)  
(Over you)

And now I'm over you.
