Tell me anything but tell me something  
Tell me that I'm crazy tell me I'm lying  
Tell me that I only pretend that I'm dying  
Tell me what you want you won't feel better

Won't feel better  
Won't feel better

My heart feels pain when you're around  
I'm close to tears when you just smile  
I can't think of other girls right now  
But I promise you I'm not going down

Tell me anything but tell me something  
Tell me that I'm crazy tell me I'm lying  
Tell me that I only pretend that I'm dying  
Tell me what you want you won't feel better

You're not strong enough to bring me down  
You're not strong enough to break my heart  
You're not strong enough to see me cry  
No, no, no, no I rather die

No, no, no, no I rather die

Tell me anything but tell me something  
Tell me that I'm crazy tell me I'm lying  
Tell me that I only pretend that I'm dying  
Tell me what you want you won't feel better

Tell me anything but tell me something  
Tell me that I'm crazy tell me I'm lying  
Tell me that I only pretend that I'm dying  
Tell me what you want you won't feel better
