I think I'm lonelier than I should be
I think I'm lonelier than I should be
I think I'm lonelier than I should be
When I could be ... happy

I should've held on to my youth
I should've spent it on something good
Now I'm stuck in a rut
That I can't seem to shut,
Bringing everyone down, too.

I think I'm lonelier than I should be
I think I'm lonelier than I should be
I think I'm lonelier than I should be
When I could be ... happy

I spent the last three days alone
Overthinking everything I do
I'm stuck in a rut all because
I think of myself more than you

I think I'm lonelier than I should be
I think I'm lonelier than I should be
I think I'm lonelier than I should be
When I could be ... happy

I think I'm lonelier than I should be
I think I'm lonelier than I should be
I think I'm lonelier than I should be
When I could be ... happy

Oh no me oh my
Thought all my problems will subside
It's my fault I'm left behind
Aren't I the lucky one

Oh no me oh my
Obsessing with words never got me far
It's complicated I'm overtly making
A different version of what they call disregard

I think I'm lonelier than I should be
I think I'm lonelier than I should be
I think I'm lonelier than I should be
When I could be ... happy
