When you're gone
When you're gone
When you're gone
When you're gone

You fooled yourself
Along with everybody else
And I'm sure you're proud
I'm sure you're proud
How did it come to this
And ebriated on a public bench
Can't you contain yourself
I'm sure dad would be proud

Everytime you're here you're not around
I really don't care if you stumblin' down
After all ... you do this to yourself
I guess I'm okay when you're away
There's just one thing that I hate

When you're gone
When you're gone
When you're gone
When you're gone

You stupid kid
You never listened what your parents said
Kicked yourself into oblivion
After all they're not around
Don't lean out to me
When you piss off the foretea
Or urinating in their back seats
As they drive into yourself

It's not the vast
But I'm sure that I'll regret
If I never got to tell you that you really get me goin'

Everytime you're here you're not around
I really don't care if you stumblin' down
After all ... you do this to yourself

I guess I'm okay when you're away
There's just one thing that I hate

When you're gone
When you're gone
When you're gone
When you're gone

Your friends all think it's a game
And you do too
The way you act's not the same
You made a fool
And just one simple thies with the mistakes you do

When you're gone
When you're gone
When you're gone
When you're gone
When you're gone
When you're gone
When you're gone
When you're gone
