Start
Start again
We're pushed around
I feel better
Through
Anything
We are the light
Coming alive

[Chorus]
Finding you
You are the one
You're the first thing that I wake up for
And the last thing I expected was
Finding you
We are number one
Through the highlights and the hardest times
The best thing was Finding you

Oh Oh Oh oh oh oh oh x4

Strong
Yes we are
We can overcome
Any mountains
Here
Here we go
You're world
Is my world

[Chorus]
Finding you
You are the one
You're the first thing that I wake up for
And the last thing I expected was
Finding you
We are number one
Through the highlights and the hardest times
The best thing was Finding you

Oh Oh Oh oh oh oh oh x3

You left me up where I belong
I'm strong enough to carry on
Carry on
It's been so dark and now I'm through
The only way was find you
Finding you

[Chorus]

Finding you
You are the one
You're the first thing that I wake up for
And the last thing I expected was
Finding you
We are number one
Through the highlights and the hardest times
The best thing was
Finding you
