This old house is falling down around my ears
Iâ€™m drowning in the river of my tears
When all my will is gone you hold me sway
I need you at the dimming of the day

You pulled me like the moon pulls on the tide
You know just where I keep my better side

What days have come to keep us far apart
A broken promise or a broken heart
Now all the bonny birds have wheeled away
I need you at the dimming of the day

Come the night youâ€™re only what I want
Come the night you could be my confidant

I see you on the street in company
Why donâ€™t you come and ease your mind with me
Iâ€™m living for the night we steal away
I need you at the dimming of the day
I need you at the dimming of the day
